I. Purpose of the MOU

This MOU is entered into to formalize a collaborative partnership aimed at fostering innovation in Artificial Intelligence (AI), developing AI-based products, and enhancing the technical proficiency of engineering students. Both parties seek to bridge the gap between academic learning and industry-grade AI development.

II. Scope of the Collaboration

The partnership will focus on the following key areas:

- **AI Awareness & Technical Programs:** Conducting sessions to bring awareness about AI to the student community.
- **AI Product Development:** Collaborative efforts to design and build AI-driven tools and software.
- **Skill Development & Consultancy:** Providing technical guidance and industry-standard training.
- **On-Campus Innovation Hub:** Establishing a space for students to work on real-world AI projects.
- **Joint Research and Events:** Organizing hackathons, workshops, and seminars.

III. Roles and Responsibilities

Malla Reddy College of Engineering (MRCE):

- Provide access to students interested in AI and technical product development.
- Facilitate student participation in workshops and events organized by Innovex Arena.
- Provide necessary infrastructure, including labs and seminar halls, for technical programs.

Innovex Arena:

- Deliver professional technical programs and AI training sessions.
- Provide mentorship for students working on AI-related projects and product development.
- Stay updated with industry trends to ensure the technical training remains relevant.
