

REPORT OF ORIENTATION PROGRAMME 2024-25

Date- 30/08/2024

Department of Humanities and Sciences
MALLA REDDY COLLEGE OF ENGINEERING

Orientation programme

Orientation programme for the 2024-25 academic year students at Malla Reddy College of Engineering (MRCE) was held on 30th August 2024.

Ch. Malla Reddy, a distinguished entrepreneur and Member of the Legislative Assembly (MLA) of Telangana State, was notably present at the orientation program. In his address to the attendees, he narrated an inspiring tale of his journey characterized by challenges,

unwavering dedication, and rigorous self-discipline, which profoundly resonated with the audience. Furthermore, Malla Reddy sir is recognized for his philanthropic endeavours, having founded numerous educational and charitable organizations aimed at supporting the marginalized sectors of society. His contributions render him an exemplary figure, and his discourse during the orientation served as a potent testament to the significance of perseverance, dedication, and self-restraint.

Malla Reddy sir talked about how working hard and staying committed helped him achieve his goals. He said he worked for many hours and put in a lot of effort to grow his business. Never give up on your dreams. He informed that he faced many challenges in his life, but he never gave up on his dreams. He encouraged the audience to never give up on their dreams, no matter how difficult things may seem.

Ch. Malla Reddy sir during his speech

Diligence is frequently highlighted as a critical element in achieving success. In his discussion, Reddy emphasized the importance of steadfastness and dedication in the pursuit of one's goals.

Dr. M. Ashok, the Principal of Malla Reddy College of Engineering, addressed the new students and their parents at the orientation program. He spoke about the students' responsibility and what parents are supposed to do. Dr. Ashok emphasized the importance of students taking responsibility for their own learning. He said that students should be proactive and engaged in their studies. They should attend classes regularly, participate actively, and complete their assignments on time.

During his comprehensive address, the principal meticulously outlined the multifaceted roles students must embody throughout their B. Tech journey. Delving into the intricacies, he

expounded upon the diverse responsibilities and expectations, emphasizing the critical importance of each role in fostering a holistic educational experience. Furthermore, he delineated the exhaustive set of rules and regulations that are to be adhered to by the students during their four-year journey in the Bachelor of Technology program. These guidelines, he elucidated, are designed to not only ensure the smooth progression of their academic and professional development but also to instil a discipline that would be imperative in their future endeavours.

The principal sir also encouraged students to set goals for themselves and to work hard to achieve them. He said that students should not be afraid to ask for help when needed, but that they should also learn to be independent and self-sufficient. He also advised parents to stay involved in their children's education and to monitor their progress. They should provide their children with a positive learning environment and help them to develop good study habits. His speech was a timely reminder to both students and parents about their respective roles and responsibilities in the education process. By working together, students, parents, and teachers can create an environment that is conducive to learning and success.

Smt. Ch Shalini Reddy, the director of Malla Reddy Group of Institutions (MRGI), addressed the gathering regarding the scope and myriad opportunities that students are supposed to get at Malla Reddy College of Engineering. She also highlighted the pivotal contributions of the Malla Reddy group of institutions towards illuminating the realm of technical education within Telangana, with a special emphasis on its impact in Hyderabad.

Dr. Sudhir Reddy, the Director of Malla Reddy College of Engineering, provided details of the various opportunities available for students at the institution. He highlighted the following things like academic excellence, career opportunities and other exposures students will get from the college. He encouraged students to make the most of these opportunities and to work hard to achieve their goals.

Dr T.V. Reddy, Vice Principal of Malla Reddy College of Engineering delivered an extraordinary lecture on how students must be impactful towards their own achievements as self is the driving force in your life, so it has given lessons which will be helpful for them throughout this corporate chase and boost tips from there itself in accordance grate lectures were given that day under his guidance. At its core is the claim that hard and regular work are fundamental in getting to any sort of success. He went on by stressing the importance of strategic planning and argued that setting realistic, achievable targets is an essential part of a student's journey; as it serves to them a goal, they are meant for reaching at their best interest which in turn allows directing themselves appropriately towards academic goals too.

HoDs from various departments took the opportunity to introduce their respective fields, providing a comprehensive overview of the courses offered, the departmental capacities, the esteemed faculty members, and the diverse opportunities available to students throughout their four-year Bachelor of Technology (B. Tech) journey. This presentation aimed to equip the upcoming students with a thorough understanding of the academic landscape, ensuring they are well-informed about the resources and pathways available to them as they embark on their educational voyage in engineering.

The detailed briefing by each Head of different departments encompassed an introduction to the cutting-edge curriculum designed to meet the industry standards, faculty qualifications, and their commitment to fostering an environment conducive to learning and innovation, as

well as a sneak peek into the myriad opportunities that lie ahead for students—including research projects, internships, and career prospects post-graduation. This session was pivotal in setting the tone for the students' academic journey, emphasizing the holistic development offered by the institution through its robust academic programs and supportive learning environment.

Deans of various departments, administrative officer, training & placement officer, controller of examinations also address the gathering regarding their role for college administration, students' placement and, their contributions & responsibility for making the college well-functioning.
