## Report on the Inaugural Program for Cambridge Empower B2 Certification Course at Malla Reddy College of Engineering

Malla Reddy College of Engineering (MRCE) organized the inaugural session of the Cambridge Empower B2 Certification course for the first-year students of the academic year 2024-25 on January 29, 2025. The event, held at the Seminar Hall of MRCE, aimed to introduce students to the importance of English proficiency and its role in both academic and professional success. The ceremony was graced by the esteemed Principal Dr. M. Ashok, the Head of the Department (HoD) of Humanities and Sciences, Dr. Sneha Joshi, and other coordinators who contributed to the development and implementation of the program.

This program is designed to enhance the students' English language skills, particularly focusing on listening, speaking, reading, and writing abilities that are essential for success in their academic journey as well as in their future careers. The certification course is aligned with the B2 proficiency level of the Common European Framework of Reference for Languages (CEFR), providing a solid foundation for effective communication in a global context.

Dr. M. Ashok, the Principal of MRCE, addressed the gathering and highlighted the significance of acquiring proficiency in English. He remarked, "In today's interconnected world, effective communication is the key to personal and professional success. By obtaining the Cambridge Empower B2 certification, our students will not only enhance their language abilities but also open doors to global opportunities." Dr. Ashok emphasized that the ability to communicate confidently and proficiently in English will be a crucial factor in the students' employability, allowing them to stand out in a competitive job market.

Dr. Ashok further pointed out that the Cambridge Empower B2 certification would serve as an additional credential on students' resumes, significantly enhancing their career prospects. He urged the students to take full advantage of this program, as it would provide them with a valuable skill set that would serve them well throughout their academic and professional lives.

Following the Principal's address, Dr. Sneha Joshi, the HoD of Humanities and Sciences, provided an overview of the course structure and its objectives. She explained that the Cambridge Empower B2 Certification course has been specifically tailored to meet the needs of first year engineering students, offering them a structured approach to mastering the English language.

She also emphasized the importance of continuous practice and active participation in the program, as proficiency in English requires sustained effort.

### **Cambridge Empower B2 Textbook Distribution**

One of the key components of the program is the distribution of Cambridge Empower B2 textbooks to the students. The textbooks serve as the core study material for the course and are designed to guide students through the various stages of language learning, providing them with practical exercises and real-world examples that enhance their understanding of the language.

During the event, the textbooks were distributed to the students in a formal ceremony, which was conducted by Ms. Anuradha, the event's compeer. Ms. Anuradha skillfully

managed the program and ensured its smooth flow throughout the session. Her enthusiasm and engaging manner helped keep the students excited about the launch of the program.

Each student received a personalized copy of the Cambridge Empower B2 textbook, marking the beginning of their journey toward language proficiency. The textbook distribution was symbolic of the students' commitment to improving their language skills and preparing for future challenges in their academic and professional lives.

In her closing remarks, Ms. Anuradha thanked all the attendees, including the Principal, Dr. Ashok, Dr. Sneha Joshi, and the faculty members, for their contributions to the event's success. She also encouraged the students to take full advantage of the opportunities the course offers, stressing that the knowledge and skills they would gain could prove to be life changing.

The inaugural program for the Cambridge Empower B2 Certification course at MRCE marked the beginning of an important academic endeavor for the first-year students. With the support of the faculty, the resources provided by the Cambridge Empower textbooks, and the guidance of the coordinators, the students are well-positioned to excel in the program and acquire the language proficiency needed to succeed in the globalized world.
