**PARTICIPANTS**

**III CSE-DS, AI&DS STUDENTS**

## ACKNOWLEDMENT

We express our sincere gratitude to Infosys for giving us the opportunity to visit their esteemed office and gain valuable insights into their organizational processes and technology.

We extend our thanks to our institution, MALLAREDDY COLLEGE OF ENGINEERING, and the faculty who facilitated this visit. A special thanks to Dr.J.G.M.BRITTO HoD -CSD who guided and coordinated this visit effectively.

As part of our academic curriculum, we visited the Infosys office located at POCHARAM, HYDERABAD on 21-11-2024. Infosys, established in 1981, is a global leader in technology services and consulting. The purpose of this visit was to gain an understanding of corporate culture, IT practices, and modern technologies used in the industry.

Infosys is known for its innovation in areas like artificial intelligence, cloud computing, and software development, which provided us an enriching learning experience during the visit.

### Objectives of the Visit

- To observe the working environment of a global IT organization.
- To learn about software development practices and technologies.
- To understand the company's approach to innovation and sustainability.
- To bridge the gap between theoretical knowledge and industry practices

### Details of the Visit

- **Date and Time:** 21-11-2024@9:30Am to 4:00pm
- **Participants:** 50 STUDENTS, 2 FACULTY
- **Duration:** 9:30AM-4:00PM
- **Agenda:**
  - Welcome and Introduction
  - Corporate Presentation
  - Office Tour
  - Q&A Session
  - Conclusion

PREPARED BY  
T.NAGA PRAVEENA, ASST.PROFESSOR, MRCE

**Students and Faculty coordinators were warmly welcomed by the Infosys team.**

**Students and Faculty coordinators were warmly welcomed by the Infosys team.**

**A brief introductory session highlighted Infosys' history, achievements, and global impact.**

### **Corporate Presentation**

The session provided an overview of Infosys' core areas of expertise, including:

- Digital transformation initiatives.
- Use of AI/ML and cloud solutions.
- Infosys' training programs like the Global Education Center.

### **Interaction and Q&A**

The Q&A session with industry experts was highly informative. They addressed queries on career opportunities, technology trends, and Infosys' approach to fostering innovation

The team demonstrated how Infosys leverages tools for digital transformation and provided insights into their flagship projects.

### **Lunch Experience**

As part of our visit to the Infosys office, we were treated to a well-organized lunch at their cafeteria. The experience provided us with an opportunity to observe Infosys' employee-focused amenities firsthand.

The cafeteria, known for its spacious and hygienic environment, offered a variety of food options catering to diverse tastes and dietary preferences. From traditional Indian dishes to continental options, the meal reflected Infosys' commitment to inclusivity and employee satisfaction.

During the lunch break, we also had the chance to interact informally with Infosys employees, gaining insights into their work-life balance and day-to-day experiences at the company. This interaction added a personal touch to the visit and deepened our understanding of the corporate culture at Infosys.

### **Observations and Learning Outcomes**

- The work culture at Infosys emphasizes collaboration, innovation, and sustainability.
- Practical exposure to modern technologies like AI, ML, and cloud computing was inspiring.
- Understanding of real-world IT practices and their global implications.
- The focus on employee well-being and continuous learning was commendable.

The industrial visit to Infosys was an invaluable learning experience. It provided us with practical exposure to the IT industry and enriched our understanding of corporate processes. The visit motivated us to aspire to work in such innovative and dynamic environments.

We thank Infosys and our institution for this enlightening opportunity.
