ABOUT THE INSTITUTE

MRCE

Malla Reddy College of Engineering (Formerly CM Engineering College) has been established under the aegis of the Malla Reddy Group of institutions in the year 2005, a majestic empire, founded by chairman Sri. Ch. Malla Reddy. He has been in the field of education for the last 22 years with the intention of spearheading quality education among children from the school level itself.

Since the beginning Mr. Malla Reddy has endeavoured to ensure quality education and carved a niche for himself by managing this group of institutions. Malla Reddy College of Engineering has been laid upon a very strong foundation and has ever since been excelling in every aspect. The bricks of this able institute are certainly the adept management, the experienced faculty, the selfless non-teaching staff and of course the students.

MALLA REDDY COLLEGE OF ENGINEERING
(Approved by AICTE-New Delhi, Affiliated to JNTUH-Hyderabad)
Recognized under Section 2(f) & 12(B) of the UGC Act 1956,
An ISO 9001:2015 Certified Institution.
Maisammaguda, Dhullapally, post via Kompally, Secunderabad - 500100

INSTITUTION VISION:

To emerge as a Center of Excellence for producing professionals who shall be the leaders in technology innovation, entrepreneurship, management and in turn contribute for advancement of society and human kind.

INSTITUTION MISSION:

- To provide an environment of learning in emerging technologies.
- To nurture a state of art teaching learning process and R&D culture.
- To foster networking with Alumni, Industry, Institutes of repute and other stakeholders for effective interaction.
- To practice and promote high standards of ethical values through societal commitment.

MALLA REDDY COLLEGE OF ENGINEERING

(Approved by AICTE-New Delhi, Affiliated to JNTUH-Hyderabad)

Recognized under Section 2(f) & 12(B) of the UGC Act 1956,

An ISO 9001:2015 Certified Institution.

Maisammaguda, Dhullapally, post via Kompally, Secunderabad - 500100

PROGRAM OUTCOMES (POs)

Engineering Graduates will be able to:

- PO.1 **Engineering Knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
- PO.2 **Problem Analysis:** Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
- PO.3 **Design/development of solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
- PO.4 **Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
- PO.5 **Engineering Tool Usage.** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
- PO.6 **The Engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
- PO.7 **Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
- PO.8 **Individual and Collaborative Teamwork.:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- PO.9 **Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive **clear** instructions.
- PO.10 **Project management and finance:** Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
- PO.11 **Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

MALLA REDDY COLLEGE OF ENGINEERING
(Approved by AICTE-New Delhi, Affiliated to JNTUH-Hyderabad)
Recognized under Section 2(f) & 12(B) of the UGC Act 1956,
An ISO 9001:2015 Certified Institution.
Maisammaguda, Dhullapally, post via Kompally, Secunderabad - 500100

PROGRAM SPECIFIC OUTCOMES (PSO)

- PSO1** - An ability to apply unconventional fundamental AI technologies, to citation information and deliver knowledge to intelligent decision-making systems.
- PSO2** - An ability to grow an ethical and contemplative approach to the machine learning tools that can address complex reasoning tasks for the enhancement of society.

PROGRAM EDUCATIONAL OBJECTIVES (PEO)

- PEO1** – Graduates will obtain robust knowledge in the field of artificial intelligence and machine learning theory and principles for classifying, examining and solving problems.
- PEO2** – Graduates will upgrade skill to work efficiently within a squad and apply suitable practices within a skilled and ethical framework for societal needs.
- PEO3** – Graduates will pursue higher education and accomplish sustainable growth through lifelong learning and research.

PERMISSION LETTER FROM PRINCIPAL

To,

The Principal,

Malla Reddy College of Engineering,

Maisammaguda, Hyderabad

Date: 20th October 2025

Subject: Permission to Conduct an E-Waste Awareness Session on 22nd October 2025

Respected Sir,

The Internal Quality Assurance Cell (IQAC) proposes to organize an **E-Waste Awareness Session** in collaboration with **Elima** on **22nd October 2025** at our college campus. The session aims to educate students about the responsible disposal of electronic waste, promote sustainable practices, and highlight the environmental impact of e-waste.

We kindly request your permission to conduct this session under the guidance of IQAC and with the support of the department faculty.

Thanking you for your continued encouragement and support.

Yours sincerely,

Dr. Anantha Raman G R

Dean, IQAC

Malla Reddy College of Engineering

About the Event

The Internal Quality Assurance Cell (IQAC) of Malla Reddy College of Engineering (MRCE), in collaboration with Elima, organized an enlightening E-Waste Awareness Session on 22nd October 2025 at the college campus. The primary objective of the session was to raise awareness among students about the growing issue of electronic waste and to encourage responsible and sustainable disposal practices.

The session was led by Adv. Janaki Devi Baskar, a prominent environmental advocate associated with Elima, who shared valuable insights on the significance of e-waste management in today's digital era. She highlighted the environmental and health hazards caused by improper disposal of electronic waste and emphasized the importance of recycling, reusing, and responsible consumption of electronic devices.

The event was graced by the presence of Dr. M. Ashok, Principal, Dr. V. Vivekanandhan, Dean (IIC & IIIC), and Dr. Anantha Raman G R, Dean (IQAC), who appreciated the collaborative effort and encouraged students to be proactive in promoting sustainability initiatives. Faculty members and students from various departments actively participated, making the session both interactive and informative.

The E-Waste Awareness Session concluded with an inspiring message from the speaker, urging everyone to take collective responsibility in reducing e-waste and adopting eco-conscious practices. The event successfully instilled a sense of environmental stewardship among students, reinforcing MRCE's commitment to building a cleaner and greener future through education and awareness.

About the Speaker- Adv. Janaki Devi Baskar

Janaki Devi Baskar is a passionate advocate for environmental justice, gender equality, and sustainable development. With an educational foundation from National Law University, Tamil and a master's degree focused on criminal and securities law, she combines legal knowledge with a deep commitment to social impact.

Janaki is dedicated to using her skills to support communities and the environment. She believes in the power of education and legal empowerment to drive positive change, especially for marginalized groups and indigenous populations. Her work often intersects gender and environmental issues, highlighting the vital connections between social equity and sustainability.

As a strong supporter of circular economy principles and fashion sustainability, Janaki actively promotes responsible consumption and innovation for a healthier planet. She is also committed to advancing education reform and economic self-sufficiency, striving to create inclusive opportunities for all.

Janaki approaches her work with empathy, integrity, and a collaborative spirit, aiming to build alliances that create lasting social and environmental benefits.

Seminar- AIM , Purpose and Importance

The **Internal Quality Assurance Cell (IQAC)** of **Malla Reddy College of Engineering (MRCE)**, in collaboration with **Elima**, organized an informative **E-Waste Awareness Session** on **22nd October 2025** at the college campus. The session aimed to create awareness among students about the environmental hazards of electronic waste and the importance of adopting sustainable management practices.

The **aim** of the session was to educate students on the growing issues of e-waste and to encourage responsible practices such as recycling, reuse, and safe disposal of electronic materials. The **purpose** of organizing this event was to guide students toward adopting eco-friendly habits and understanding their role in minimizing e-waste generation. The **importance** of the session lay in promoting sustainable living and highlighting how collective responsibility can lead to a cleaner, greener future.

The session was delivered by **Adv. Janaki Devi Bharath**, an environmental advocate from **Elima**, who shared valuable insights on the environmental and health impacts of improper e-waste disposal. She emphasized the need for responsible consumption, repair, and recycling practices to reduce environmental degradation.

The event was graced by **Dr. M. Ashok**, Principal, **Dr. V. Vivekanandhan**, Dean (IIC & IIIC), and **Dr. Anantha Raman G R**, Dean (IQAC), along with the presence of faculty members from various

departments who extended their support and encouragement. Their presence added significance to the program and inspired students to actively engage in sustainability initiatives.

The **E-Waste Awareness Session** concluded with an inspiring message on environmental responsibility, encouraging participants to adopt sustainable practices in their personal and professional lives. The event successfully reinforced MRCE's commitment to fostering eco-consciousness, innovation, and social responsibility among its students.

Summary of E-Waste Awareness Session

The Internal Quality Assurance Cell (IQAC) of Malla Reddy College of Engineering (MRCE), in collaboration with Elima, organized an impactful E-Waste Awareness Session on 22nd October 2025 at the college campus. The event was designed to sensitize students about the growing problem of electronic waste and the importance of sustainable waste management in modern society.

The session featured Adv. Janaki Devi Bharath, an environmental advocate from Elima, who delivered an insightful talk on the lifecycle of electronic devices and the need for conscious consumption. She highlighted how everyday gadgets contribute to environmental degradation when discarded irresponsibly and emphasized the role of youth in spreading awareness and practicing mindful disposal. Her presentation included real-world examples of recycling initiatives and sustainable approaches that can be implemented at both individual and institutional levels.

The event was graced by Dr. M. Ashok, Principal, Dr. V. Vivekanandhan, Dean (IIC & IIIC), and Dr. Anantha Raman G R, Dean (IQAC), along with several faculty members from various departments. Their presence and encouragement added value to the program and inspired students to take active responsibility in building an eco-conscious campus culture.

Students participated enthusiastically, engaging in discussions and sharing ideas on how e-waste can be effectively managed through collective efforts. A total of ----- students attended the session, making it a successful awareness initiative.

The E-Waste Awareness Session concluded with a call to action — to rethink, reduce, and responsibly manage electronic waste. The program not only enriched students' understanding of environmental sustainability but also reinforced MRCE's commitment to nurturing socially responsible engineers dedicated to preserving our planet for future generations.

Conclusion

The **E-Waste Awareness Session** organized by the **Internal Quality Assurance Cell (IQAC)** of **Malla Reddy College of Engineering (MRCE)** in collaboration with **Elima** concluded with great success on **22nd October 2025**. The session provided an enriching platform for students to understand the growing global concern of electronic waste and its impact on the environment.

The speaker, **Adv. Janaki Devi Bharath**, an environmental advocate from Elima, delivered an impactful session that inspired students to think critically about their technological consumption patterns and adopt sustainable alternatives. She emphasized the importance of recycling, reusing, and properly disposing of electronic components to minimize environmental hazards. Her insights shed light on how small, conscious actions can collectively bring about significant positive change in preserving ecological balance.

The presence of **Dr. M. Ashok**, Principal, **Dr. V. Vivekanandhan**, Dean (IIC & IIIC), and **Dr. Anantha Raman G R**, Dean (IQAC), along with several faculty members, added immense value to the event. Their encouragement motivated students to take active roles in sustainability initiatives within the campus and beyond.

Students participated enthusiastically throughout the session, engaging in discussions and showing great interest in the topic. The event not only raised awareness but also instilled a sense of responsibility among participants toward environmental conservation and waste management.

The **E-Waste Awareness Session** concluded with a strong call to action — urging everyone to adopt sustainable practices, reduce electronic waste generation, and contribute to building a cleaner, greener, and more responsible society. The program truly reflected MRCE's ongoing commitment to environmental consciousness, social responsibility, and the holistic development of its students as environmentally aware engineers of the future.
