ABOUT THE INSTITUTION

MALLA REDDY BLOCK-A

Malla Reddy College of Engineering (Formerly CM Engineering College) has been established under the aegis of the Malla Reddy Group of institutions in the year 2005, a majestic empire, founded by chairman Sri. Ch. Malla Reddy. He has been in the field of education for the last 22 years with the intention of spearheading quality education among children from the school level itself.

Since the beginning Mr. Malla Reddy has endeavoured to ensure quality education and carved a niche for himself by managing this group of institutions.

Malla Reddy College of Engineering has been laid upon a very strong foundation and has ever since been excelling in every aspect. The bricks of this able institute are certainly the adept management, the experienced faculty, the selfless non-teaching staff and of course the students.

INSTITUTION VISION:

To emerge as a center of Excellence for producing professionals who shall be the leaders in technology innovation, entrepreneurship, management and in turn contribute for advancement of society and human kind.

INSTITUTION MISSION:

- To provide an environment of learning in emerging technologies.
- To nurture a state of art teaching learning process and R&D culture.
- To foster networking with Alumni, Industry, Institutes of repute and other stakeholders for effective interaction.
- To practice and promote high standards of ethical values through societal commitment.

VISION OF THE DEPARTMENT

- To teach excellence education for undergraduates in the field of Artificial Intelligence and Machine Learning in the technological-embedded domain and make professionals who help the better cause of society.

MISSION OF THE DEPARTMENT

- Impart demanding training to create knowledge through the state-of-the-art ideas and skills in Artificial Intelligence and Machine Learning.
- Facilitate the students to adapt to the rapidly changing technologies by providing cutting-edge laboratories and facilities.
- Kick off the research and training, paying special attention to the essential skills of the subsequent generation's workforce.

MALLA REDDY COLLEGE OF ENGINEERING
(Approved by AICTE-New Delhi, Affiliated to JNTUH-Hyderabad)
Recognized under Section 2(f) & 12(B) of the UGC Act 1956,
An ISO 9001:2015 Certified Institution.

ABOUT CSE (AI&ML) DEPARTMENT

The Department of CSE (Artificial Intelligence and Machine Learning) was founded in 2020 with the goal of providing high-quality higher education to as many students as possible and to satisfy the enormous need for highly trained professionals in the industry. The Department of AI&ML offers a B. Tech program in Computer Science and Engineering (Artificial Intelligence and Machine Learning). The curriculum is created to give students a firm foundation in AI and ML principles and concepts as well as practical experience in handling situations from the real world. Programming languages, computer architecture, machine learning, natural language processing, artificial intelligence, and deep learning are some of the department's core subjects. Students are continuously trained with an attitude of excellence to overcome automation challenges across all industries and provide new context and background to improve the agile process with the assistance of great laboratory facilities and well-qualified faculty members. Because of the program's interdisciplinary nature, it draws on knowledge and coursework from many different disciplines, including computer science, mathematics, and statistics. Students will have the chance to take part in research projects in addition to the required courses, both inside the department and with other departments and organizations. Students who complete the B.Tech. programme in Computer Science and Engineering (Artificial Intelligence and Machine Learning) will be well-versed in the theories and methods of AI & ML and will be qualified for employment in a range of fields and positions, including data analysis, software development, and research.

MALLA REDDY COLLEGE OF ENGINEERING
(Approved by AICTE-New Delhi, Affiliated to JNTUH-Hyderabad)
Recognized under Section 2(f) & 12(B) of the UGC Act 1956,
An ISO 9001:2015 Certified Institution.

PERMISSION LETTER FROM PRINCIPAL

Date: 28/02/2024

To

The Principal,

Malla Reddy College of Engineering,

Maisammaguda, Hyderabad.

Subject: Permission to Conduct National Level workshop on

""Empowering Youth for Leadership, Innovation and Social Responsibility"""

Respected Sir,

The Department of Computer Science and Engineering (Artificial Intelligence & Machine Learning), in association with the Plexus Club and Institution's Innovation Council (IIC), proposes to organize **"Empowering Youth for Leadership, Innovation and Social Responsibility"** for faculty members and research scholars from **05-03-2024 through** Offline Mode.

The objective of this National Level Workshop is empower youth by enhancing their leadership skills, critical thinking, career awareness, ethical values, and social responsibility. The programme aims to motivate students to become confident, innovative, and socially conscious individuals who can positively contribute to society and the nation.

Hence, I request your kind permission to conduct the above-mentioned Programme in the department premises.

Thanking you.

Yours sincerely,

Dr. Anantha Raman

Head of the Department,

CSE (AI & ML)

Malla Reddy College of Engineering

ABOUT THE EVENT

"Empowering Youth for Leadership, Innovation and Social Responsibility"

The Department of Computer Science and Engineering (Artificial Intelligence & Machine Learning), Malla Reddy College of Engineering, successfully organized on the theme **""Empowering Youth for Leadership, Innovation and Social Responsibility""** from **5th March 2024** . The programme witnessed enthusiastic participation from undergraduate students across various departments of the institution.

The event commenced with a formal inaugural session, including a welcome address by the organizing committee and an overview of the objectives of the programme. Eminent speakers, academicians, and industry experts delivered insightful sessions focusing on youth leadership, career guidance, innovation mindset, ethical values, and social responsibility.

The primary objective of the programme was to empower young minds by enhancing their self-confidence, communication skills, critical thinking abilities, and awareness of career opportunities. The sessions emphasized the importance of leadership qualities, entrepreneurship, teamwork, and community engagement in shaping responsible and future-ready individuals.

The programme also highlighted the role of youth in nation-building and encouraged participants to take proactive roles in societal development. Interactive sessions, real-life examples, and motivational talks enabled students to gain clarity on personal growth, professional development, and social contribution.

Overall, the Youth Empowerment Programme was highly informative and inspiring, providing participants with valuable insights and practical guidance to become confident leaders and responsible citizens.

National Level Workshop – AIM, PURPOSE AND IMPORTANCE

AIM

The aim of the Youth Empowerment Programme on **"Empowering Youth for Leadership, Innovation and Social Responsibility"** is to equip students with the knowledge, skills, values, and confidence required to become responsible and capable individuals. The programme focuses on enhancing leadership qualities, communication skills, career readiness, and social awareness among youth. It empowers participants to develop a proactive attitude, innovative thinking, and a strong sense of responsibility toward society.

PURPOSE

The purpose of this programme is to provide a comprehensive platform where participants can:

- Understand the importance of youth empowerment in personal and professional growth.

- Develop leadership, teamwork, and decision-making skills.

- Gain awareness about career opportunities, entrepreneurship, and higher education pathways.

- Improve communication, interpersonal, and problem-solving abilities.

- Learn the value of ethical behavior, social responsibility, and community engagement.

- Build self-confidence and motivation to face real-world challenges.

- Encourage creativity and innovation for societal development.

IMPORTANCE

This Youth Empowerment Programme holds significant importance as it:

- Prepares young individuals to become future leaders and responsible citizens.

- Enhances students' confidence, self-esteem, and goal-setting abilities.

- Promotes social awareness and active participation in community development.

- Helps youth make informed career and life decisions.

- Encourages a positive mindset, resilience, and adaptability.

- Contributes to nation-building by shaping skilled and socially responsible youth.

Summary:

The National Level Workshop on **"Empowering youth"**, organized by the Department of CSE (Artificial Intelligence & Machine Learning), Malla Reddy College of Engineering (MRCE), was conducted entirely through **offline** from **5th March 2024**

To ensure smooth communication and timely updates throughout the programme, a dedicated WhatsApp group was created. Participants were encouraged to join the group to stay connected, interact with peers, and receive important announcements. Session details and resource materials were shared with participants prior to each session.

The sessions focused on personal development, career guidance, innovation, ethical values, and community engagement. Eminent speakers and mentors shared practical insights and real-life experiences to motivate students toward goal setting, self-confidence, and responsible decision-making.

The programme witnessed active participation from students across various departments. Interactive discussions, motivational talks, and activity-based learning helped participants gain clarity on personal growth and professional development.

Overall, the National Level Workshop Empowerment Programme was highly informative and impactful, encouraging young minds to become confident leaders and socially responsible citizens.

FDP Dates: 5th March 2024
Mode: Offline

Conclusion

The National Level Workshop on **"Empowering Youth"** concluded successfully with a meaningful blend of knowledge sharing, skill development, and motivational engagement. Throughout the duration of the initiative, participants gained a deeper understanding of how youth empowerment contributes to personal growth, community development, and national progress. The sessions emphasized the importance of confidence building, leadership, digital literacy, and social responsibility in shaping capable and future-ready young individuals.

Distinguished speakers and mentors delivered insightful sessions highlighting emerging opportunities, career pathways, and the role of innovation and entrepreneurship in today's dynamic world. Participants were introduced to practical tools for goal setting, communication, teamwork, and problem-solving. Interactive activities and real-life case discussions helped youth recognize their potential and apply their learning in real-world contexts.

The programme significantly strengthened participants' awareness of their strengths and guided them in identifying their aspirations, developing essential life skills, and making informed career choices. Workshops, group discussions, and peer-learning opportunities encouraged collaboration, creativity, and mutual support among participants.

Overall, the initiative successfully achieved its objective of equipping youth with the mindset, skills, and motivation needed to become confident, responsible, and proactive contributors to society. The programme not only enhanced their capabilities but also inspired them to pursue continuous learning and positive action. The successful completion of this programme marks an important step toward nurturing a generation of empowered, resilient, and socially conscious youth prepared to thrive in an ever-evolving
