## REPORT ON NATIONAL SPACE DAY

Department of ECE celebrated National Space Day [VISWA YANAM] with great enthusiasm and academic spirit on 23<sup>rd</sup> Aug 2025 at the college campus. The event aimed to honor India's remarkable achievements in the field of space research and technology, especially the historic contributions of the Indian Space Research Organisation (ISRO).

The program began with a welcome address by **Dr Pattem Sampath kumar** garu HOD ECE MRCE and followed by **Dr Maram Ashok** garu principal MRCE, who highlighted the significance of National Space Day in inspiring young minds to pursue careers in science, technology, and innovation. **Dr V Narasimha Reddy** garu Dean student affairs **Dr M Sandhya Rani** garu Dean academics spoke about India's recent space missions and their global impact, motivating students to dream big and contribute to the nation's progress in space exploration.

A guest lecture was conducted by **D Praveen Kumar**, Scientist-E, RCI(DRDO), Ministry of Defence, Govt of India who emphasized the importance of research, innovation, and interdisciplinary learning in advancing space technology. As part of the celebrations, Department of ECE organized a Technical Quiz Competition and a Poster Presentation on space science and technology. Students actively participated, displaying their technical knowledge and creative perspectives on the future of space exploration. The winners and runners of both competitions were honored with certificates, which were distributed during the ceremony, adding encouragement and recognition to their efforts.

The highlight of the program was a documentary screening on India's space missions, which left the audience inspired by ISRO's vision, dedication, and global recognition. The event concluded with a vote of thanks, appreciating the efforts of faculty, organizers, and student co-ordinators for making the celebration successful.

The National Space Day celebrations at Malla Reddy College of Engineering served as a platform to ignite curiosity, nurture scientific temper, and encourage students to contribute towards India's growing stature in space exploration.
